

Dissertations and Theses:

- Albino, K.R.C., 1994, Weathering and behavior of gold in two soil-saprolite sequences near Camden, South Carolina, Doctoral Dissertation, 365 pp., University of Western Ontario, London, ON, Canada.
- Allen, N.E., 1987, The geology of base precious metal-bearing quartz veins in Hall and Gwinnett counties, Georgia, Master's Thesis, 113 pp., 42 refs., 3 plates, Auburn University, Auburn, AL.
- Babiker, H.M., 1978, Geology of the Clegg Copper Mine and vicinity, Lee and Chatham county, North Carolina, MS Thesis, NCSU, ? pp.
- Corbitt, C.L., 1987, Petrography and geochemistry of the metasedimentary/metavolcanic host rocks and associated gold deposits at the Portis Gold Mine, Franklin County, North Carolina, Master's Thesis, North Carolina State University, Raleigh, North Carolina, 99 pp. <Note: two different sources identify different degree-granting institutions: the other listed is East Carolina University, Greenville, NC. LVM does not know which is correct. MRDS identifies as NCSU.>
- Eager, W.G., 1997, Geology and stable isotope geochemistry of the Ridgeway North pit Au-Ag deposit, Ridgeway, South Carolina, Master's Thesis, University of Georgia, Athens, GA, ? pp., illus.
- El-Samani, K.Z., 1978, Geology of the Reed Gold Mine, Cabarrus County, North Carolina, M.S. Thesis, NCSU, 80 pp.
- Fitzpatrick, T.F., 1983, Gold-quartz vein mineralization in Stanly County, North Carolina, Master's Thesis, Virginia Polytechnic Institute and State University, Blacksburg, VA, 8 pp., 81 refs., 12 plates.
- Folsom, C.E., 1982, Geology of the northern half of the Kings Creek Quadrangle, South Carolina, Master's Thesis, UNC-CH, 88 pp., 37 refs.
- Ford, M.M., 1981, A fluid inclusion and petrographic study of barren and gold-mineralized quartz veins in the central and southern Carolina Slate Belt, North Carolina, Master's Thesis, UNC-CH, 72 pp.
- Glass, B.D., 1980, King Midas and old rip; the Gold Hill mining district of North Carolina, Doctoral Dissertation, UNC-CH, ? pp.
